A strike of the workmen employed at Sullivan's boot and shoe manufacturing establishment, No. 240 Main street, was reported this morning. A STAR reporter visited that establishment and learned that but four or five of the employees had ceased work, and that no interruption to business or serious damage to the interests of the shoemakers of the city was likely to ensue.

WM. HAGERTY, owner of a livery stable, was brought before the Police Court this morning on a charge of burying without a permit. It seems that his hack-driver, Robert Burns, proceeded to take a dead child from a house of prostitution on Central avenue and had it interred at the St. Bernard Cemetery. The next day he obtained a permit, representing that he desired to bury the child, but the Sanitary forces obtained information that the child had already been buried. Officer Emig, therefore, had Hagerty arrested, who, however, was dismissed as not implicated. Burns was fined \$5 and costs.

COLONEL SNELBAKER, by order of Mayor Johnston, yesterday afternoon issued the following special instructions to the police: First, all officers and patrolmen are hereby prohibited and while in uniform; second, they are also prohibited from entering saloons while on duty, unless called on in the line of their duty; third, no two officers will remain in station-house at the same time; One of them must be out on duty all the time; fourth, all officers and patrolmen must appear before the Police Court, and when reporting to the Mayor and Superintendent, in full uniform.

The report was accepted, and the committee tendered Mr. Patterson for his very efficient performance of the duties of legal adviser and attorney. The Committee felt gratified at the work already accomplished by them, and resolved to continue the organization. A programme was laid out for the future, the contents of which will be laid bare to the public in due time.

M. C. C., C. C. & I. R. R. President Sherlock, of the U. S. Mail Packet Co., and the different newspapers of Cincinnati.

The Special Committee appointed by a resolution of Council to report the debts created in violation of the Worthington Law, and also the amounts of money due the city, met yesterday afternoon, with Mr. Trachtman in the chair. Present, Messrs. Brunswick, Sutton, Trachtman and Voigt.

The Clerk of the Board of Improvements, in compliance with a resolution adopted at a meeting of the Committee, July 16th, presented the following statement of the liabilities incurred, in violation of the Worthington Law, up to June 14th. Of Interest to Saloon Keepers.

Notice was yesterday afternoon filed with the City Clerk forbidding saloon keepers or others to sell or furnish liquor to an individual named therein, on pain of being held responsible for all damages to or by the said person.

This is the first notice of the kind under the new law, and is, as such, of special interest. Notices of this nature are to be filed with the City Clerk, and to be kept in a book of reference for examination by liquor sellers, but the names of the parties thus registered are not to be published in any other manner.

Churchill's Troubles.

The case of Captain Churchill vs. Constable Wash. Blair came up before Squire Anthony to-day at 11:30, the case being with regard to the arrest of a young man charged with bastardy, arrested a few days since by Churchill. Constable Blair was already in the possession of a warrant for the arrest of the man, but Captain Churchill, upon being confronted, refused to give up his prisoner. In the controversy that ensued Churchill threatened to arrest Blair if he interfered with his man, whereupon Blair got out a warrant and arrested Churchill upon the charge of resisting an officer in the lawful discharge of his duties.

The Captain furnished bond to the amount of \$100 for his appearance before the Court of Common Pleas.

Churchill claims that he was right in protecting his prisoner from a second arrest, basing his idea upon the decision of Judge Lindeman, that bastardy cases come under the Criminal Code, thereby bringing it within the jurisdiction of the Police Court, and thus entitling Captain Churchill, or any other police officer, to make the arrest legally.

Base-Ball.

A close and exciting game of base-ball was played yesterday, between the newly organized Opera Base-ball Club and the Athletics. The game was hotly contested, and resulted in a victory for the latter club by a score of 13 to 10.

The Maley Floaters will engage in another game of base-ball with the City Building nine to-morrow afternoon, at the Ludlow grounds. Probably better success will attend the Floaters this time.

The Chuck Demolishers' B. B. C. organized with the following members July 26, 1875: Philip Hill, p.; Jake Pent, c.; Frank Camp, s. s.; Louis Nicholas, 1st b.; John Nicholas, 2d b.; John Bixler, 3d b.; George Stump, c. f.; Buck Stiles, 1. f.; John Zigzag, r. f. President, Reuben Cronimus; Vice President, Philip Routhier. Send all challenges to Bush Burger, No. 68 Martin street, city.

There will be a wrestle between the Star ball club, of Covington, and the American club, of this city, upon the grounds of the first mentioned club to-day. The American has a good record so far this season, and all may anticipate an interesting game.

More Trouble for Route No. 10.

Walnut Hills has met with more opposition in the improvement of her streets, avenues and parks than any other portion of our suburbs, notwithstanding she is the largest attached to our city. And now her new railroad, Route No. 10, is another sore on the back of the galled jade for every little property-holder along the route and impuduous Councilman who wants to be "greased" to look at.

Now comes another injunction to be asked for upon the ground of illegality in the ordinance passed July 23, in amendment of the primary ordinance and changing the original route.

It is claimed that the ordinance to be amended was not made part of the 99th section of the Municipal Code; also that the amended ordinance was not properly advertised; that the consent of the majority of the property holders was not obtained as required by law, and that they have violated the law regulating the laying of street railways tracks No. 10, and that the jury were instructed to return a verdict for the difference, if there was any, between the value of the watch at the time it was sold and the amount due from plaintiff to defendant, and accordingly returned a verdict for plaintiff for \$97 70.

Judge Avery, yesterday, decided the case of R. C. Kohner against M. J. McLean, administrator of John McLean, by rendering a judgment for the plaintiff for \$250 and interest. The plaintiff was employed as assistant clerk by John McLean, deceased, late Clerk of the United States and District Courts, and sued for a balance due for services rendered between October, 1867, and October, 1870.

George Johnston submitted a case before Judge Avery on a question of pleading against J. P. L. Jennings. The demurrer was sustained, and, on motion, the reply was stricken from the files, with leave to amend the petition.

A case in which the Village of Carthage was plaintiff and J. C. Balser defendant, came up before Judge Avery on a question of costs. The original suit was to recover the amount of an assessment, and judgment rendered under the Code for the value of the work. The Court held that the costs must be divided between the two parties.

The following suits were entered yesterday for the Common Pleas:

46,983—John Buse vs. J. B. Noewer.
46,984—Elizabeth P. Sexton vs. The Incorporated Village of Aronville.
46,984—Alf. Hill vs. J. B. Noewer.

46,985—Parmenter & Walker vs. Rudolph Wolfert & Brother.
46,986—William Tell Lodge, No. 335, I. O. O. F., vs. J. R. Schaefer.
46,987—Theresa Kramer vs. Martin Kramer.
46,988—Louisa S. Hoel vs. Henry Bruns.
46,989—Gustav Graebe vs. J. H. Niebur.

46,990—Peter Knoll vs. John Cornman.
The following cases were entered for the Superior Court:

81,950—S. Baekel and E. O. Banks, for use of J. F. Frank & Co., vs. The Farmers' Merchants' and Manufacturers' Insurance Company.
81,951—J. F. Frank & Co., vs. The Old Dominion Insurance Company.
81,952—Basket & Banks, for use of J. F. Frank & Co., vs. The Farmers' Insurance Company.
81,953—J. F. Frank & Co., vs. The Farmers' Merchants' and Manufacturers' Insurance Company.

REASONS WHY.

The reasons why Dr. Price's Special Flavoring, Cinnamon, Lemon, Vanilla, &c., are superior to all others, is because they are prepared from the choicest selected fruits and aromatics, without coloring or poisoning oils; that all the flavoring principles are retained unchanged by chemical action, highly concentrated, requiring less to flavor; that there is no deception in bottles, as they hold one-half more than those sold for the same size; that they are in every particular like the celebrated Cream Baking Powder, just as represented.
